HOW IT WORKS

3 steps to transform your AI practice.

1

We assess your level, tools and goals. We identify what's holding you back.

2

We work together on YOUR projects, YOUR data, YOUR real cases. Zero generic exercises.

3

You walk away with automations, a clear workflow and measurable results.

AVAILABLE MODULES

7 modules. We choose together what suits you.

Mindset & AI Productivity

Structure your work method, organize your learning, save precious time every day.

Advanced Prompt Engineering

Master complex prompts, manage tokens, optimize costs and result quality.

AI-Assisted Development

Build complete applications with AI as your coding partner. Live coding.

Automation & No-Code

Create workflows without coding: n8n, Make, Flowise. Connect LLMs to your tools.

Marketing & Content Creation

Content, campaigns, SEO, mass personalization — all powered by AI.

Data & Decision-Making

Dashboards, KPIs, predictive analytics. Run your business on data, not gut feeling.

AI Project Launch

From idea to deployment: MVP, pitch, funding, strategy. Build your product.
